MOVE IT

POWER WHERE YOUR WORK NEEDS IT

Powered trolleys • Tugs • Lifters • Custom solutions

powered2go.com.au

Powered solutions from Warequip Solutions

SINCE 1976

MELBOURNE • AUSTRALIA

POWERED TROLLEYS

POWERED DRIVE • POWERED LIFT • LESS MANUAL EFFORT

Three practical trolley solutions for moving and lifting loads safely.

LIFTMATE

FRONT-WHEEL DRIVE • POWERED HYDRAULIC LIFT

Move heavy loads and raise the platform to a comfortable working height with simple push-button operation.

- 450kg capacity
- 1100 x 600mm platform
- 452-1600mm lift height

CENTRE DRIVE ULTIMATE

HIGH LIFT • EXCELLENT MANOEUVRABILITY

Powered drive and lift with centre drive wheels for precise handling in confined spaces and narrow work areas.

- 400kg capacity
- 1100 x 600mm platform
- 452-1600 mm lift height

ULTIMATE LITE

COMPACT • CENTRE DRIVE • REMOVABLE CAGE

A compact powered lifting trolley designed to transport loads and present them at practical working heights.

- 350kg capacity
- 1000 x 600mm deck
- 440-1000mm deck height

POWERED LIFTING AT A PRACTICAL WORKING HEIGHT

POWERED IN PRACTICE

POWERED TROLLEYS

POWERED DRIVE • PRACTICAL CONTROL • LESS MANUAL EFFORT

Versatile powered solutions for goods, bulk loads and housekeeping.

TURNMATE

CENTRE DRIVE • TIGHT TURNING CIRCLE

A powered platform trolley that pivots on its central drive wheels for easy steering in confined spaces and narrow aisles.

- 400kg capacity
- 1200 x 620mm platform
- 970mm handle height

CAGEMATE

POWERED DRIVE • REMOVABLE CAGE SIDES

Designed to transport bulky goods securely, with lift-off cage panels that provide flexible access for loading and unloading.

- 450kg capacity
- 1275 x 630mm platform
- Lift-off cage panels

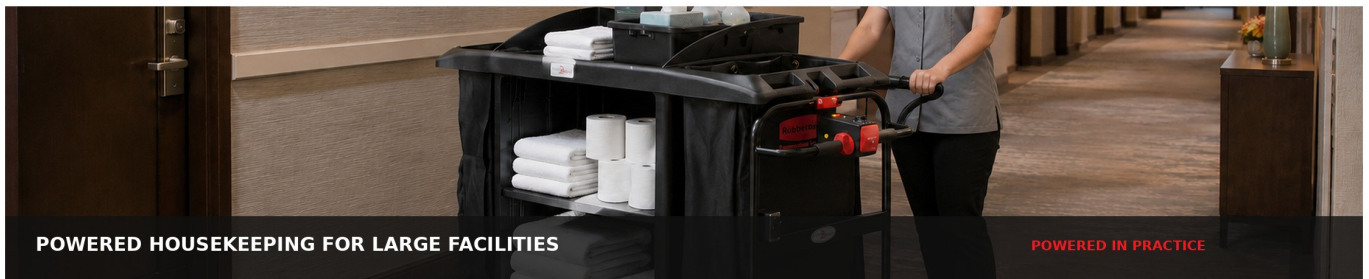

POWERED 6189

HOUSEKEEPING • LINEN • CLEANING SUPPLIES

An industry-standard Rubbermaid housekeeping cart with central powered drive for hotels, apartments and mining camps.

- 175kg capacity
- 1524 x 559 x 1270mm
- Central drive system

POWERED HOUSEKEEPING FOR LARGE FACILITIES

POWERED IN PRACTICE

PATIENT MOVERS

SAFER TRANSPORT • SMOOTHER TRANSFERS • LESS STRAIN

Practical powered solutions for healthcare, aged care and assisted mobility.

DANE WHEELCHAIR MOVER

POWERED TRANSPORT • UNIVERSAL WHEELCHAIR HITCH

A compact battery-electric mover designed to make wheelchair transport safer and easier across long corridors, ramps and varied indoor surfaces.

- 250kg patient plus wheelchair
- Fits wheelchairs 18-24 inches wide
- 24V geared front-wheel drive
- Compact, quiet and manoeuvrable

SCALEO PATIENT LIFTERS

POWEO 130 • POWEO 150 • POWEO 200

A versatile range of patient hoists for smooth, progressive transfers in hospitals, nursing homes and home-care environments.

- 130kg, 150kg and 200kg models
- Floor-lifting capability
- Emergency lowering systems
- Made in France

POWERED ASSISTANCE FOR SAFER PATIENT TRANSPORT

POWERED IN PRACTICE

BIN TRAILERS

CUSTOM DESIGNS • POWERED MOVEMENT • SAFER HANDLING

Flexible solutions for moving wheelie bins efficiently across demanding sites.

SPECIALTY BIN TRAILERS

BUILT TO SUIT • PRACTICAL • SITE-SPECIFIC

Specialty trailer designs can be configured to suit varied bin requirements, site conditions and towing applications.

- Layouts for varied bin sizes
- Secure retaining frames and chains
- Easy-loading configurations
- Custom hitches and safety options

CONTAINED WASTE TRAILERS

CUSTOM DESIGNS FOR 660 OR 1100 LITRE SULO BINS

Custom towable contained-waste trailers can be designed around either 660 or 1100 litre Sulo bins for controlled movement around suitable sites.

- Designed for 660 or 1100 litre Sulo bins
- Contained, purpose-built towing frame
- Site-specific layouts and configurations
- **INDUSTRIAL VEHICLE TOWING ONLY**

SULOP2GO

POWERED TWO-BIN WHEELIE BIN MOVER

A compact powered bin mover that helps one operator transport two wheelie bins over long distances, inclines and declines with less manual effort.

- 500kg capacity
- 1990 x 740 x 1040mm
- 92kg unit weight
- Suits 120 and 240 litre bins

POWERED BIN MOVEMENT ACROSS LARGE SITES

POWERED IN PRACTICE

POWERED MAGLINER

POWERED DRIVE • POWERED LIFT • HIGH CAPACITY

Purpose-built powered handling solutions for demanding loads and delivery routes.

MOTORIZED HAND TRUCK

POWERED HEAVY-DUTY LOAD MOVEMENT

A powerful motorized hand truck designed to move heavy loads across long distances and ramps with controlled forward and reverse drive.

- 454kg capacity
- 386kg capacity on 3:1 ramps
- 36V drive system
- Variable speed up to 6.9km/h

POWERED LIFTING HAND TRUCK

LIFT • STACK • LOAD • TRANSPORT

A compact powered lifting hand truck that reduces bending and manual lifting when handling kegs, cartons and other heavy items.

- 227kg hand-truck capacity
- 91kg powered lifting capacity
- Lifts from 25 to 1016mm
- 19.2V lithium battery

MOTORIZED GEMINI

2-IN-1 CONVERTIBLE POWERED HAND TRUCK

A motorized convertible hand truck that changes quickly between two-wheel and four-wheel positions for flexible, efficient deliveries.

- 227kg capacity in 2-wheel mode
- 454kg capacity in 4-wheel mode
- 24V powered drive
- Variable speed up to 4.8km/h

POWERED DELIVERY & LOAD MOVEMENT

CONTROLLED • CAPABLE • EFFICIENT

POWERED MAGLINER

LIFTING • BULK TRANSPORT • POWER CONVERSION

Versatile powered solutions that reduce lifting, pushing and transport effort.

LIFTPLUS

STACKER • TRANSPORTER • WORK POSITIONER

A compact all-in-one powered lift system with quick-change attachments for stacking, transporting and positioning varied loads.

- Up to 159kg lifting capacity
- 48, 60 and 72 inch lift models
- 125-150 lift cycles per charge
- Folds for compact storage

MOTORIZED HOPPER

POWERED BULK MATERIAL TRANSPORT

A powered hopper cart for moving refuse, soil, gravel and bulky materials with variable-speed control and easy dumping.

- 181kg capacity
- 382 litre tub capacity
- 24V powered drive
- 6-9 hours operating range

MOTORIZED TRANSAXLE KIT

CONVERT HAND TRUCKS AND CARTS TO POWERED DRIVE

A conversion kit containing the core components required to add controlled powered movement to a suitable hand truck or cart.

- 24V 400W motor with brake
- 227kg capacity on two-wheel units
- Battery box, throttle and charger
- Mounting brackets and hardware included

POWERED LIFTING IN USE

POSITION • LIFT • HANDLE

COFFIN LIFTERS

FEDA MAGISTER • COMPACT • VERSATILE • SAFE

Professional lifting and positioning for cemetery and memorial operations.

FEDA MAGISTER

COMPACT COFFIN LIFT AND WORK PLATFORM

Designed for safe coffin lifting and positioning in narrow cemetery spaces, the Magister combines a compact footprint with high reach and confident operation on challenging terrain.

- **350kg load capacity**
- **1300-4300mm lifting range**
- **Only 650mm wide**
- **Operates on rough ground and slopes up to 32%**
- **Up to 4 hours continuous-use autonomy**

ALSO FUNCTIONS AS AN AERIAL WORK PLATFORM

Optional elevated platform supports two operators for maintenance tasks above 6 metres.

FOUR CONFIGURATIONS TO SUIT DIFFERENT OPERATIONS

MANUAL

300kg

Manual lift and travel

ELECTRIC

365kg

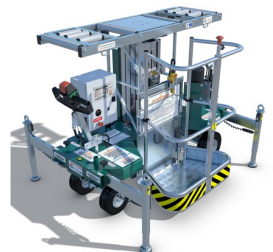

Electric lift; manual travel

AUTOMATIC

385kg

Electric lift and powered travel

ROTAX

385kg

Powered travel and platform rotation

TROLLEY MOVERS

POWERED COUPLING • PRECISE CONTROL • LESS MANUAL EFFORT

Compact powered solutions for moving wheeled loads and bin systems.

DANE QUICKCART

COMPACT POWERED TROLLEY MOVER

A compact powered mover designed to reduce the pushing and pulling effort required when handling wheeled carts and trolleys.

- Compact, manoeuvrable design
- Powered drive for controlled movement
- Suitable for indoor trolley-handling tasks
- Helps reduce manual handling effort

ZALLYS M9R

VERSATILE PUSHER • TUG • MINI TRANSPORTER

A compact pedestrian-operated vehicle for pushing and towing in narrow spaces, with adjustable steering and adaptable hitch options.

- Compact design for confined areas
- Adjustable-height tiller head
- Standard and customisable hitches
- Carries loads up to 300kg

SULO BIN HITCHES

PURPOSE-DESIGNED BIN COUPLING SOLUTIONS

Specialist hitch assemblies designed to provide a secure connection when moving larger Sulo commercial waste bins.

- Fits 660 and 1100 litre Sulo bins
- Bins must be fitted with castors
- Directional-lock castor feature required
- Purpose-designed hitch configurations

POWERED SHOPPING TROLLEY MOVEMENT

CONTROLLED • COMPACT • EFFICIENT

POWERED WHEELBARROWS

POWERED DRIVE • TIP ASSIST • ALL-TERRAIN HANDLING

Powered transport solutions for landscaping, construction and site maintenance.

ZALLYS DUMPER JET

PROFESSIONAL HIGH-CAPACITY ELECTRIC WHEELBARROW

A high-capacity electric dumper with assisted tipping for confident load transport and controlled discharge in demanding environments.

- 500kg load capacity
- Handles inclines up to 30%
- Travel speed up to 5km/h
- Electronically assisted tipping

BARROWMATE HD

HEAVY-DUTY POWERED WHEELBARROW

A robust battery-powered wheelbarrow for landscaping, building sites and yard clean-ups, with hydraulic bucket tipping to reduce strain.

- 300kg load capacity
- 1765 x 800mm footprint
- 240kg machine weight
- Hydraulic bucket tip

ZALLYS BRIO

COMPACT POWERED WHEELBARROW

A compact and sturdy electric wheelbarrow suited to gardening, small construction tasks and confined work areas.

- 200kg load capacity
- 1347 x 740mm footprint
- 82kg machine weight
- 24V electric motor

POWERED LANDSCAPING IN USE

MOVE • CLIMB • TIP

PERSONNEL CARRIERS

RIDE-ON • STAND-ON • ORDER PICKING

Compact electric transport for personnel, inspections and light materials.

ZALLYS JACK L

SIT-ON ELECTRIC PERSONNEL CARRIER

A versatile three-wheel sit-on carrier for personnel, maintenance and inspection work across warehouses and large facilities.

- Travel speed up to 10km/h
- 150kg carrying capacity
- 1500kg towing capacity
- Low-step access and rear platform

ZALLYS DDM

COMPACT STAND-ON PERSONNEL CARRIER

A compact stand-on electric carrier for fast personnel movement, light goods and inspection work in narrow indoor areas.

- Travel speed up to 14km/h
- One person plus 50kg load
- 500kg towing capacity
- Up to 8 hours running time

ZALLYS K5

RIDE-ON ORDER PICKER & PERSONNEL CARRIER

A highly manoeuvrable ride-on vehicle for order picking and efficient movement across long warehouse and production routes.

- 500kg platform capacity
- Travel speed up to 10km/h
- 1777 x 900mm footprint
- 2500mm turning circle

EFFICIENT PERSONNEL MOVEMENT

COMPACT • QUIET • ZERO EMISSIONS

POWERED LOAD MOVERS

TRANSPORT • TOW • ALL-TERRAIN HANDLING

Power-assisted platforms for moving heavy loads with less manual effort.

ZALLYS JESPI

COMPACT ELECTRIC FLATBED CART

A robust four-wheel electric platform cart for transporting heavy or bulky materials across warehouses, production areas and outdoor sites.

- Up to 1000kg load capacity
- Up to 3000kg towing capacity
- Travel speed up to 5.5km/h
- Handles slopes up to 30%

Zallys

Powered2GO

ZALLYS HS4

VERSATILE ELECTRIC TRANSPORT TROLLEY

A stable and manoeuvrable powered trolley that can accept different platforms, skips or custom equipment for varied load-moving applications.

- Up to 1000kg load capacity
- Travel speed up to 5.5km/h
- Handles slopes up to 30%
- Pneumatic wheels for indoor or outdoor use

Zallys

Powered2GO

ZALLYS R6

HEAVY-DUTY 4WD ELECTRIC TRANSPORTER

A powerful four-wheel-drive industrial transporter designed to carry and tow substantial loads across demanding or uneven terrain.

- Up to 800kg carrying capacity
- Up to 6000kg towing capacity
- Four-wheel-drive traction
- Built for mud, sand and uneven surfaces

Zallys

Powered2GO

POWERED LOAD MOVEMENT IN ACTION

SAFE • EFFICIENT • VERSATILE

POWERED TUGS

COMPACT • POWERFUL • PRECISE

Electric tug solutions for safer movement of wheeled and two-wheel loads.

ZALLYS M1

COMPACT INDUSTRIAL ELECTRIC PUSHER

A lightweight and highly manoeuvrable electric pusher for roll-boxes, carts and wheeled loads in confined working areas.

- Up to 1000kg towing capacity
- Travel speed up to 4km/h
- Handles slopes up to 15%
- Fold-down tiller for compact storage

ZALLYS M12

VERTICAL INDUSTRIAL ELECTRIC MOVER

A compact vertical tug designed for accurate handling of roll cages, industrial trolleys and wheeled equipment in tight spaces.

- Up to 1500kg towing capacity
- Travel speed up to 5km/h
- Compact 700 x 535mm footprint
- Handles slopes up to 15%

ZALLYS M16

ELECTRIC TUG WITH HYDRAULIC LIFT

A specialist electric tug with a hydraulic lifting arm for safely connecting, lifting and moving heavy two-wheel trailers.

- Up to 6000kg towing capacity
- Up to 1800kg lifting capacity
- Travel speed up to 4km/h
- Interchangeable batteries for extended use

CONTROL HEAVY LOADS WITH CONFIDENCE

COMPACT • SAFE • PRODUCTIVE

HEAVY-DUTY POWERED TUGS

HIGH CAPACITY • PRECISE CONTROL • INDUSTRIAL POWER

Compact electric power for moving substantial wheeled loads safely.

ZALLYS M5

COMPACT HEAVY-DUTY ELECTRIC TUG

A compact and agile pedestrian tug for moving heavy wheeled loads across industrial, logistics and service environments.

- Up to 4000kg towing capacity
- Travel speed up to 5.5km/h
- Handles slopes up to 20%
- Up to 8 hours continuous operation

ZALLYS M6.5

INDUSTRIAL ELECTRIC MOVER

A powerful low-profile mover that provides stable, accurate control of heavy and bulky trailers or industrial wheeled equipment.

- Up to 6000kg towing capacity
- Travel speed up to 4.5km/h
- Optional electric lifting system
- Handles slopes up to 15%

ZALLYS M10

EXTREME-CAPACITY INDUSTRIAL MOVER

A formidable tiller-driven electric tug engineered for precise movement of exceptionally heavy machinery, vehicles and industrial loads.

- Up to 15,000kg towing capacity
- Travel speed up to 5km/h
- Handles slopes up to 15%
- Up to 8 hours continuous operation

SERIOUS POWER FOR EXTREME LOADS

POWER • CONTROL • PRODUCTIVITY

EXTREME LOAD MOVERS

M18 • M20 • MODULAR ACCESSORIES

Specialist electric solutions for the heaviest industrial loads.

ZALLYS M18

ELECTRIC TUG WITH HYDRAULIC LIFT

A high-capacity electric tug with hydraulic lifting for safely connecting and moving extremely heavy two-wheel trailers and structures.

- Up to 20,000kg towing capacity
- Up to 8000kg lifting capacity
- Travel speed up to 3km/h
- Up to 8 hours continuous operation

ZALLYS M20

EXTREME-CAPACITY ELECTRIC MOVER

The most powerful Zallys tiller-driven tug, created for precise movement of exceptionally heavy industrial trolleys and machinery.

- Up to 30,000kg towing capacity
- Travel speed up to 3km/h
- Handles slopes up to 15%
- Compact 2-metre turning diameter

MODULAR BALLAST PLATES

ZALLYS ACCESSORY • CONFIGURED TO SUIT

Genuine modular ballast plates allow vehicle weight and traction to be tailored to the load, surface and towing application.

- Improves traction and load control
- Individual operator-manageable plates
- Configure weight to suit the application
- Designed for compatible Zallys models

EXTREME LOADS. PRECISE CONTROL.

LIFT • TOW • CONFIGURE

ZALLYS HITCH OPTIONS

SAFE CONNECTIONS • CONFIGURED TO SUIT

Match the tug connection to the trolley, trailer and task.

PIN HITCHES

For trolleys fitted with an eyelet drawbar. Available in different pin diameters.

BALL HITCHES

For trailers, caravans and two-wheel carts fitted with a compatible ball coupling.

MULTIFUNCTION HITCHES

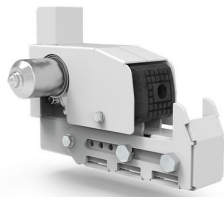

Combines pin and ball connections when one tug must handle different trolley types.

ROLL-BOX HITCHES

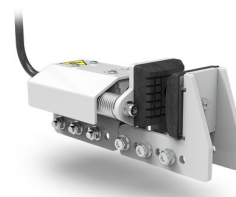

Purpose-designed to connect securely to tubular roll-cage and roll-box frames.

ELECTRIC CLAMP HITCHES

Fast powered clamping controlled from the tiller head for tubular trolley frames.

HYDRAULIC CLAMP HITCHES

A strong manual-pump connection for particularly heavy or cantilevered loads.

CUSTOM-DESIGNED CONNECTIONS

For unusual frames, drawbars or specialist applications, Warequip Solutions can help assess and configure a suitable connection. Hitch selection must be confirmed against the trolley geometry, load and operating environment.

MEDICAL EXAMINATION EQUIPMENT

PATIENT ACCESS • POSITIONING • CLINICAL WORKFLOW

ACCESS® MEDICAL EXAM TABLE

FIXED-HEIGHT EXAMINATION TABLE

A practical examination table designed to support patient access and efficient everyday clinical workflows, with generous integrated storage.

- 226kg patient weight capacity
- 813mm table height
- 711mm upholstery width
- Integrated step and storage
- Adjustable stirrups supplied standard

ASSIST® POWER PROCEDURE TABLE

POWERED POSITIONING FOR PROCEDURES

A versatile powered procedure table with smooth positioning, a low transfer height and flexible support for a wide range of examinations and treatments.

- 204kg patient weight capacity
- 483-1016mm powered height range
- Powered tilt up to 30 degrees
- Foot control supplied standard
- Extendable leg rest and headrest

DESIGNED AROUND THE PATIENT
