## The Clever Folding Cart

The clever Clax design is the only 2 tier complete folding trolley that folds flat for ease of storage. The Clax has an ergonomic handle with a push button that provides the effortless folding function. It also has a number of great design features including a wheel brake mechanism, one collapsible crate and a lift up tray.

Total Capacity	60kg
Upper Tray Capacity	20kg
Lower Tray Capacity	40kg
Dimensions Assembled	890 x 550 x 1030mm
Dimensions Folded	670 x 470 x 110mm

Front Castors	90mm Swivel

- Lightweight
- German made
- Lift up top tray
- Folding basket / crate
- Push button mechanism
- Easy to use
- Extra boxes available
- Removable wheels

# Wolfcart

## The Versatile One

**Use as Barrow  
or Handtruck**

- Premium brand
- German design
- Folding ergonomic handle
- Fold up platform
- 200kg capacity
- Standard with pneumatic wheels
- Comes in carton (handle assembly only)
- High resting platform surface

Dimensions	630 W x 1250 H x 260 D mm
Capacity as Handtruck	150kg
Capacity as Barrow	200kg
Unit Weight	15kg

# Flipbox

## Foldable, Insulated Box

FlipBox

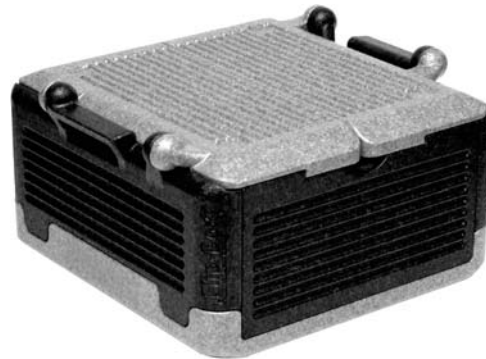

**Completely foldable, unfold within 5 seconds**

Made of expanded polypropylene (EPP), a material that is very light, but stable and durable at the same time. Due to its insulation characteristics it is ideal for frozen food and grocery logistics.

### Safety Handbrake Models

The brake engages when the handle is released.

Without the lever on the handle depressed the trolley will not move. Available on 2 Models.

This item can not be retrofitted.

### Dead Man Brake Models

Releasing the hand lever applies the brake either partially to slow down or fully stop the trolley. This is useful when moving up or down sloping surfaces.

## Vendor Trolley

Designed to handle the largest of vending machines and commercial refrigerators

- Foot operated
- Special rocker bar
- Double swing lock
- Vinyl padding on frame
- Ratchet straps with auto recoil

Model	HTSV72	HTSV78
Release	Foot	Foot
Capacity	800kg	800kg
Height	1830mm	1980mm
Width	610mm	610mm
Wheels	250mm	250mm
Weight	36kg	54kg

The kick back assembly allows the loaded trolley to be laid back without operator strain

## Pallet Dollies

PDNA2420  
Pallet Dolly

- Light, tough, heavy duty aluminium channel frame construction
- Steel hexagonal axles interlock with frame to prevent rotation
- Non-marking phenolic rollers with shielded ball bearings
- Compatible with all pallet systems: wood, metal, plastic
- Easy access to pallets under racks

Model	PDNA2420
Width	1070mm
Length	1070mm
Capacity	2727kg
Rollers	8 roller, 4 centre rollers

Magliner provides flexible solutions to meet a variety of route distribution needs, based on experience with a range of applications and industries. The variety of lightweight and ergonomically-designed Magliner solutions allow customers to move more loads with less physical stress delivering workplace safety and productivity.

## Tool Storage & Safety

### 999 Professional Case

- Three compartment small items holder
- 12 bit holes for screwdrivers
- Double drill holder (iron and wall) for 11 bits
- Padlockable

### HDP60

- Secure closure with lock
- Zinc plated metal handles
- 60 litre capacity

### Voyager

- Dual opening system with option of removable cover
- Padlockable for security
- 65 litre capacity
- Unit weight 3.7kg

### HDP80

- Secure closure with lock
- Zinc plated metal handles

# Plano

## Tool Storage & Safety

The jobs of today involve large amounts of work at heights. For this reason, the issue of prevention of falls from heights is needed more than ever.

Plano, attentive to this evolution of working and inline with work safety requirements, introduces ToolStop, a unique and complete system in the world of tool fall protection.

Each model of the ToolStop line has its own functional features; the retractable mechanism (patented system), the elastic cord for heavy tools, the wrist system, the workers ladder securing strap. Each element has a specific duty, but together they're addressed to unique fundamental need: **safety at work.**

### TS600TB

- Retractable tool lanyard for medium weight tools 907g capacity
- Minimizes entanglement - streamlines gear
- Allows full tool reach
- Disconnectable end allows easy tool change out
- Locking mechanism
- Stainless steel carabiner
- Fits Technics items

### TS630TB

- Wrist lanyard
- Tool limit 2.2kg
- Minimizes entanglement - streamlines gear
- Side release attachment allows easy tool change out
- Comfortable velcro adjustable wrist strap

### TS610TB

- Retractable tool lanyard for medium weight tools 453g capacity
- Minimizes entanglement - streamlines gear
- Allows full tool reach
- Disconnectable end allows easy tool change out
- Stainless steel carabiner
- Fits Technics items

### TS640TB

- Tool lanyard accessory
- Tool limit 907g
- 2 piece side release elastic lanyard for model TS600TB, TS610TB and TS630TB (models not included)

### TS620TB

- Tool lanyards for heavy tools

## Materials Handling

**4477**

**Wagon Truck**

- Moves heavy loads across rough surfaces
- The pivoting design provides tight turning radius and maximum manoeuvrability

**4473**

**Work-Height Platform Truck**

- Unique adjustable design allows platform deck to be placed at one of three work heights; 890mm, 810mm, 740mm
- Chemical and water resistant castors
- Four moulded in tie down slots for securing loads

**4463**

**A-Frame Panel Truck**

- Transport large and bulky goods such as timber, plaster, tables
- High-side inclined frame and side rails hold loads firmly in place during transit
- Texture deck surface reduces load slipping

**4468**

**Sheet and Panel Truck**

- Transport large and bulky goods such as doors, timber, plaster, tables
- The three removable powder-coated steel vertical frames provide support for bulky loads
- Frames can be removed as required, retainer clips lock them in place for unwanted removal
- Four tie down points, two on each side to secure loads

**4403/4436**

**Platform Trucks**

- Built for durability and efficient mobility of heavy loads
- Sturdy structural foam construction won't rust, dent, chip or peel
- Powder-coated steel finish is virtually maintenance free

**4484/4486**

**Side Panel Platform Truck**

- Ideal for transporting small packages and materials
- Remove one, two, three or four sides to accommodate any size load
- 76.2mm x 76.2mm grid side panels
- Moulded in tie down slots
- Side panel cut out allows for easy access
- Retainer clips prevent unintended handle removal

## Cleaning Solutions

9T72

### High Capacity Cleaning Cart

Flexible, high capacity storage solutions and tool organisation

- 40% more storage capacity than 6173, 20% more waste capacity than 6173
- Non rusting and easy clean aluminium and structural web plastic construction
- Safety sign holders (4)
- 11.6cm castors and 20cm wheels
- Designed for WaveBrake mop bucket

9T92

### Triple Capacity Cart

Maximise productivity and help reduce labour costs with the Triple Capacity Cart

The High Capacity cart provides multi-stream collection for efficient, cost-effective sortation

- High capacity zipped bags hold up to 128L each (bags sold separately)
- Rubber tool grip holds handles upright
- Non rusting, easy to clean aluminium and structural web plastic construction
- Features 100mm swivel castors and 200cm wheels

### Cleaning Cart

Transport tools to job for efficient cleaning and waste removal

- Smooth easy to clean surface
- Zipped bag for easy rubbish removal
- Non marking 200mm wheels and 100mm castors
- Optional locking compartment to keep chemicals out of reach
- Front platform hold 2632 Brute Bin, 354060 Slim Jim or Microfibre cleaning bucket

781788	WHT	Protective Liners for Baby Changing Station – laminated 2-ply tissue paper	337mm l x 140mm w

- Microban antimicrobial protection helps prevent the growth of stain and odour causing bacteria
- Microban protection is built into the chair during the manufacturing process and will not wash or wear off during the life of the chair
- Sturdy Chair looks newer longer with built-in Microban antimicrobial protection

This information is based upon standard laboratory tests and is provided for comparative purposes to substantiate antimicrobial activity for non-public health applications. Microban technology is not designed to protect users from disease causing microorganisms. Microban protection inhibits the growth of microorganisms that cause stain, odours, and product degradation. Antimicrobial action limited to product surface.

### Sturdy Chair Youth Seat with Microban Antimicrobial Protection

Strength and stability designed into every Sturdy Chair.

- Attractive, contemporary styling and easy to clean
- Features a convenient handle for easy manoeuvrability
- Optional trays are easy to use and can be removed with one hand
- Sturdy chair nests and stack to minimise storage space required
- Microban provides all-over protection from bacteria growth that can cause odours and staining

## Cleaning Solutions

### WaveBrake Mopping System

The WaveBrake mop bucket and wringer system reduces splashing, which means a safer environment, cleaner floors and improved productivity

- High efficiency wringer wrings mop with 18% less effort
- Lasts 58 times longer than comparative wringers
- Tested to exceed 50,000 wringing cycles, average wringers perform approximately 860 cycles
- Revolutionary bucket shape with moulded-in wave brake reduces splashing up to 40%
- Premium tubular steel and Structural Web moulded plastic
- Nests even with castors attached

The revolutionary bucket shape with moulded-in wave brakes inhibits wave formation, and reduces splashing up to 40% for safer, easier and more efficient mopping.

#### Colour-Coded for Specialist Cleaning

WaveBrake Side Press Combo is colour-coded for easy separation of cleaning by room or area and helps reduce cross-contamination

7780

9C73

9C74

#### Dirty Water Bucket

- Nests below the WaveBrake Wringer to collect the dirty water and keeps it separate from cleaning solution
- Preserve the quality and cleaning power of cleaning solution
- Isolates dirty water, reducing the risk of cross contamination
- Helps produce cleaner, less slippery floors
- Divides liquid weight, less lifting power needed when emptying buckets

Model	Colour	Description	Dimensions	Capacity

Since forming in 1976 Warequip has specialised in importing materials handling equipment from leading manufacturers around the world.

Warequip has been Australia's premium supplier of small materials handling equipment including the world's best brands; Prestar, Clax, Ruxxac, Magliner, Wolfcart, Taylor Dunn and Rubbermaid.

We have an extensive distributor network Australia wide, serving all markets. The company is operated and managed under its own set of values, incorporating the wellbeing of its customers, staff and all other stakeholders.

Over the years Warequip has extended its experience into a range of market segments, including the commercial, retail, industrial, agricultural and healthcare sectors. Warequip is expanding its range of services to provide product solutions, service, consulting as well as hire and rental. Warequip Solutions now lead the way in material handling solutions.
