BACKGROUND

Hayman Island Resort is a five-star luxury resort in the Whitsundays, offering approximately 180 guest rooms, luxury pools and a range of dining options. Guests arrive at the resort by boat or helicopter.

THE CHALLENGE

Hayman Island required a reliable passenger-transport solution that would move guests in comfort while remaining sympathetic to the resort's natural environment.

WAREQUIP'S SOLUTION

Warequip supplied a custom electric Wanderer vehicle with a large seating capacity, enabling Hayman Island to move more passengers efficiently and comfortably.

PROJECT IMAGE 1

THE OUTCOME

The custom electric Wanderer delivers a quiet, comfortable and luxurious transport experience, improving guest check-in while supporting Hayman Island's environmental objectives.

PRODUCT FEATURES INCLUDED

- Leather seating
- Premium carpet-lined roof
- LED lighting
- Premium sound system
